Mr. JONES, from the Committee on the Budget,  
submitted the following

REPORT

[Pursuant to section 2 of H. Con. Res. 91]

Section 2 of H. Con. Res. 91 reserved amounts of budget authority and outlays from allocation to committees under section 302(a) of the Congressional Budget Act for certain programs and functions and established procedures for the House and Senate to follow in subsequently making the allocations. The procedures are as follows:

RESERVE PROGRAMS

SEC. 2. (a) The following amounts of new budget authority and budget outlays for fiscal year 1983 and fiscal year 1984 are hereby reserved by the Congress for subsequent allocation to committees under section 302(a) of the Congressional Budget Act of 1974 for the functions and programs listed in the Statement of Managers, accompanying this resolution:

Fiscal year 1983:

- (1) New budget authority, \$6,060,000,000.
- (2) Outlays, \$5,350,000,000.

Fiscal year 1984:

- (1) New budget authority, \$8,325,000,000.
- (2) Outlays, \$8,525,000,000.

(b) In the House of Representatives:

- (1) Upon the enactment of any legislation referred to in subsection (a) which requires an appropriation, or upon enactment of an appropriation for such purpose before the authorizing legislation is enacted, the Committee on the Budget is authorized and directed to report to the House a revised allocation of

new budget authority and budget outlays for fiscal years 1983 and 1984 to the Committee on Appropriations reflecting the content of such legislation; and

(2) When one or more committees, other than the Committee on Appropriations, report legislation only referred to in subsection (a) providing new spending authority defined in section 401(c)(2)(C) of the Congressional Budget Act of 1974, or providing new budget authority, or when the Committee on Rules reports a resolution providing for consideration of such legislation which has not been reported by a committee, the Committee on the Budget is authorized and directed to report to the House a revised allocation of such new spending authority for fiscal years 1983 and 1984 to the appropriate committee reflecting the content of such legislation: *Provided, however,* That if such legislation is rejected by either House, the Committee on the Budget is authorized and directed to report to the House a similar reduction in the appropriate allocation.

(c) In the Senate:

(1) Upon the enactment of any legislation referred to in subsection (a) which requires an appropriation, the Committee on the Budget is directed to report to the Senate a revised allocation of new budget authority and budget outlays for fiscal years 1983 and 1984 to the Committee on Appropriations or any other appropriate committee reflecting the content of such legislation insofar as it relates to the programs referred to in subsection (a); and

(2) When the Senate moves to proceed or proceeds to consider legislation referred to in subsection (a) providing new spending authority as defined in section 401(c)(2)(C) of the Congressional Budget Act of 1974, or providing new budget authority, the Committee on the Budget is directed to report to the Senate a revised allocation of such new spending authority for fiscal years 1983 and 1984 to the appropriate committee reflecting the content of such legislation insofar as it relates to the programs referred to in subsection (a) above: *Provided, however,* That if such legislation is rejected by either House, the Committee on the Budget is directed to report to the Senate a similar reduction in the appropriate allocation.

(d) Any revised allocation reported to the House or Senate pursuant to subsection (b) or (c) of this section shall be considered to be the allocation made pursuant to section 302(a) of the Congressional Budget Act of 1974 for purposes of section 4 and 5 of this resolution and section 401(b)(2) of such Act. The adjustments made pursuant to those sections for each program shall not exceed the amounts provided for such program as set forth in the statement of managers.

(e) For purposes of section 311(a) of the Congressional Budget Act of 1974, the appropriate levels for new budget authority and budget outlays for fiscal years 1983 and 1984 shall be considered to be the following:

Fiscal Year 1983 Budget Authority \$877,200,000,000.  
 Fiscal Year 1983 Budget Outlays \$807,400,000,000.  
 Fiscal Year 1984 Budget Authority \$919,500,000,000.  
 Fiscal Year 1984 Budget Outlays \$849,500,00,000:

*Provided, however,* That if a revised allocation is made pursuant to subsection (b) or (c) then such levels shall be similarly adjusted in any report pursuant to such subsections to reflect the revised allocation.

The Statement of Managers which accompanied the conference report on H. Con. Res. 91 (H. Rept. 98-248) set forth the programs and functions included in the reserve fund. Pursuant to section 2(b)(1) of H. Con. Res. 91, the Veterans' Emergency Job Training Act of 1983 (H.R. 2355), has triggered an allocation from the reserve fund. Final congressional action on this legislation occurred on August 2 and the President signed into law on August 15 (Public Law 98-77).

The bill authorizes the enactment of \$150 million in budget authority and \$113 million in outlays for fiscal year 1984 to allow certain veterans to participate in approved job training programs. The reserve fund provides \$150 million in fiscal year 1984 in budget authority and outlays for this program. Therefore, \$150 million of budget authority and \$113 million in outlays shall be allocated from the reserve fund to the Appropriations Committee.
