14 quired by the Full Employment and Balanced Growth Act of
15 1978, the Board of Governors of the Federal Reserve
16 System shall report to the Congress on the objectives of the
17 Board of Governors and the Federal Open Market Committee
18 with respect to the growth or diminution of gross national
19 product in current and constant dollars, inflation, and unem-
20 ployment for the current and three following calendar years.
21 In addition, the Board shall in the same report explain the
22 differences, if any, between these objectives and the economic
23 assumptions of the most recent President's budget submis-
24 sion, the most recent projections of the Congressional Budget
25 Office, and the economic assumptions of the most recent con-

1 gressional budget resolution. It is further the sense of the
2 Congress that, if necessary, the Committee on Banking, Fi-
3 nance and Urban Affairs of the House of Representatives and
4 the Committee on Banking, Housing, and Urban Affairs of
5 the Senate shall report legislation amending the Federal Re-
6 serve Act to require such reporting.

7 SEC. 7. It is the sense of the Congress that, in light of
8 budget restraint, limited resources, and the need to foster
9 economic growth, the House Committee on Armed Services
10 should initiate a thorough review of military retirement pro-
11 grams which constitute a major sector of the defense budget
12 and should recommend changes which would result in re-
13 duced spending under these programs.

Passed the House of Representatives March 23, 1983.

Attest:

BENJAMIN J. GUTHRIE,

Clerk.
