Revises the second concurrent resolution on the budget for fiscal year 1981 to recommend a level of Federal revenues in fiscal year 1981 of \$599,900,000,000.

States that the appropriate level of total budget authority for fiscal year 1981 is \$716,000,000,000 and that the appropriate level of total budget outlays is \$662,700,000,000.

Requires specified House and Senate committees to recommend program changes in laws within their respective jurisdictions to reduce budget authority and outlays for fiscal years 1981, 1982, 1983, and 1984. Requires such committees, not later than May 31, 1981, to submit their recommendations to the Committees on the Budget of their respective Houses. the Senate a reconciliation bill or resolution or both carrying out all such recommendations without any substantive revision.

Makes it out of order in either the House or the Senate during fiscal years 1981 and 1982 to consider any bill, resolution, or amendment authorizing new direct loan obligations or new loan guarantee commitments unless that bill, resolution, or amendment also provides that the authority to make or guarantee such loans shall be effective only to such extent or in such amounts as are contained in appropriation Acts.

Prohibits the enrollment of any bill or resolution providing new budget authority for fiscal year 1982 or new spending authority first effective in fiscal year 1982 until after Congress has completed action on the second concurrent resolution on the budget and on any reconciliation legislation required by such resolution.
